Master of Business Administration (MBA)

Program Outline

The MBA program comprises 36 credits for the general MBA degree including thirty (30) credits of mandatory core courses and six (6) credits of elective courses, of which a minimum of 27 must be taken at DSU. The MBA program requires 39 credits for students earning a concentration with their degree, thirty (30) credits of core courses and nine (9) credits of elective courses in their field of concentration. Appropriately-qualified students may petition for a waiver or test out of prerequisite or CBK (Common Body of Knowledge) courses up to a maximum of eighteen (18) credits. To request a waiver for a course the student must have taken the equivalent course(s) at DSU or another accredited institution with a grade of 'B' or better; to test out of a course a student must successfully take and pass a comprehensive test in that course developed by the College of Business faculty or, alternately, take and pass an equivalent CLEP test.

Students seeking additional information on waiving or testing out of a course should contact the MBA Program Director at 302-857-6978.
