Kent County Science Fair Photos and Winners

Posted: May 3, 2012

The first-ever Kent County Science Fair gave about 60 high school and middle school students an opportunity to show their science skills during the May 2 event held at Delaware State University.

The Science Fair was co-hosted by U.S. Sen. Chris Coons and DSU, with support also coming from the Boeing Company, the Dow Chemical Company, ILC Dover, and the Delaware Biotechnology Institute.

See the below slideshow for images from the Science Fair, followed by a list of the winning student projects:

The following middle school and high school students and teams received the top honors for science projects in the noted award categories:
