Department of Human Ecology

The **Department of Human Ecology**, a unit in the **College of Agriculture and Related Sciences** [1], embraces and promotes the land-grant mission of the university, which is excellence in teaching, research and outreach. The Department offers three undergraduate programs: **Food and Nutritional Science** [2] **(FNS curriculum)** [3], [3]**Textiles and Apparel Studies** [4] **(** [5]**TAS curriculum)** [5], and **Consumer Sciences (CS curriculum)** [6]**;** and two graduate programs: **Master of Science in Food Science** (**MS-FS curriculum**) and **Master of Science in Family and Consumer Science Education** (**MS-FCSE-curriculum**).

The Department promotes diversity by recruiting students from under-represented groups and internationally to meet its global commitment. Undergraduate and graduate course delivery methods incorporate emerging technologies and advanced teaching tools to enhance graduates? reading, writing, speaking, computer competency, critical thinking and problem solving skills. A ***Baccalaureate degree*** is conferred upon completion of ***a minimum of 125 hours of course work,*** whereas ***Master of Science degrees*** are conferred upon completion of ***a minimum of 24 credit hours of graduate level coursework and 6 credits of thesis work.***
