

## **ARMY ROTC Program**

### **The Four-Year Program**

Students at Delaware State University, through a Cross-Enrollment Agreement with the University of Delaware, have the opportunity to earn a commission as a Second Lieutenant in the U.S. Army upon completion of the military science program and baccalaureate degree requirements. The four-year program consists of the completion of eight semester courses, totaling 12 credits, and one summer encampment. Courses at the 100 and 200 level are open electives to freshmen and sophomores. These courses are offered on the campus of Delaware State University. A military obligation is incurred only if the student contracts for commission during the last two years and receives pay.

### **The Two-year Program**

The two-year program is designed to provide sophomores and juniors who have not completed the first two years of military science the opportunity to qualify for advanced ROTC and to obtain a commission. The student has at least two years of full-time academic status remaining to qualify. As a prerequisite, the student must complete a six-week summer basic camp. Students are paid while attending this camp. Military veterans generally qualify automatically for the two-year program. All Army ROTC courses are offered at Delaware State University. There is also now a Three-Semester-Option available for juniors that have finished their first semester and are interested in ROTC.

### **Advanced Camp**

The ROTC student desiring to receive a commission must successfully complete a six week summer encampment, normally between the junior and senior years. This camp allows the student to apply, in a totally military environment, those leadership and technical skills studied on campus. Students are provided uniforms, food, lodging and medical care at no cost and are paid during this period.

### **Pay and Allowance**

ROTC students contracting for a commission during the junior and senior years receive a subsistence allowance of \$450-\$500 per academic month. Obligation: Up to three years of active duty (full-time employment) and five years of reserve duty (one weekend per month and an annual two-week encampment), or eight years of reserve duty in the National Guard or Reserve Components, upon receipt of a commission.

### **Army ROTC Scholarship**

Two, three, and four year scholarships are awarded on the basis of academic merit and leadership potential. Scholarships pay full tuition and mandatory fees, \$900 per year for books and supplies, and \$300-\$500 (increases each academic year) subsistence allowance per academic month. Obligation: Up to four years of active duty (full-time employment) and four years of reserve duty (one weekend per month and an annual two-week encampment), or eight years of reserve duty in the National Guard or Reserve Components, upon receipt of a commission. A limited number of scholarships are available to qualified students who desire a commission in the Army Reserve or National Guard.

### **Academic Delay**

ROTC graduates may apply for a delay from entry on active duty for the purpose of obtaining an additional academic degree.
