### Campus Dining Facilities

The Department of Housing and Residential Education collaborates with University Food services, which operates the University's food service facilities. The staff of the University Food Services works in each dining location to offer a variety of balanced and high quality meals to students. The goal of our Delaware State University food service program is to provide a variety of high quality and nutritious foods in a pleasant dining atmosphere. Menus include a wide selection of popular foods. There are several dining locations throughout the campus. Serving hours vary by location, with some options available from early morning until 10 p.m. each day. Being part of a residence hall community allows students to meet and interact with others while enjoying their meals in any of our dining locations. For more detailed information about our food service, please refer to the Dining Services Guide that is provided in your room, or visit [Campus Dish at Delaware State](#) [1]

### How Meal Plans Work

DSU offers several different meal plans to accommodate each student's needs. Meal plans are based within 7 days with 3 meals offered Monday thru Friday, and 2 meals on Saturday and Sunday - brunch (combination of both breakfast and lunch) and dinner. Flex dollars are added to a student's DSU ID card with each meal plan.

Students living in traditional residence halls are required to sign up for a 19-meal plan, 15-meal plan, or 10-meal plan; students living in University Village Apartments must choose at least a 10-meal plan; and students living in University Courtyard Apartments are not required to sign up for a meal plan.

### **10-Meal Plan**

A 10-meal plan offers 10 meals throughout a 7-day period (Sunday-Saturday), which means a student can eat any combination of breakfast, lunch or dinner which totals up to 10 meals during this period.

## **How Flex Dollars Work**

At the beginning of each semester, every student with a meal plan receives 100 flex dollars. These flex dollars are "loaded" onto a student's DSU ID card, and can be used at all dining locations during all regular business hours. When items are purchased at the above locations, the student presents their DSU ID card and the cashier deducts the cost from their flex dollar account. You may purchase additional flex dollars to be added to a student's account by calling the Cashier's Office at 302.857.6220.
