Please review carefully the enclosed orientation documents before registering:

- New Student Orientation Registration Form

- New Student Checklist

Who may I bring to Orientation?

Please see the New Student Orientation schedule at-a-glance (on page 15). For more detailed information on the activities for students and their guests (parents, guardians or others), go to desu.edu/orientation. You will receive a detailed schedule of events when you check in.

At DSU, we realize that families are in transition when students leave home for college. Orientation to DSU life is important to help parents, guardians or other guests understand and support their students. Orientation activities are offered to both students and their guests.

Siblings are important during your transition to college, and we know that this is an exciting time for all family members. However, New Student Orientation is designed specifically for you and your parents or guardians. Younger siblings and other family members may not find the sessions of interest, and we do not recommend they attend.

We suggest that you bring no more than two guests. Please indicate on your registration form the number of guests (one or two) who will accompany you and include the designated fees ($35 per guest). The guest fee covers admission and meals. Your payment must be made in advance, not on the day of the event. Information on how to make a payment can be found on Page 13.

Do I need to prepare for the Accuplacer test?

Yes. At orientation you will take the online Accuplacer tests in reading comprehension, sentence skills or writing, arithmetic, elementary algebra and college-bound mathematics. We will use your Accuplacer test results to place you in your mathematics and English courses and advise you in selecting a course schedule suited to your declared major, if you have one, or your interests. Students who miss placement testing will be unable to attend the University during the fall semester.

Remember to bring a picture ID. Calculators, dictionaries, books and notes are not permitted. We recommend that you prepare by reviewing some algebra and get a good night's sleep before you come. For online information and sample test questions, visit collegeboard.com/student/testing/accuplacer.

The Delaware State University family looks forward to seeing you at fall 2015 New Student Orientation.

Sincerely,

Erin Hill
Assistant Vice President for Enrollment Management

**STUDENT HEALTH INSURANCE**

The Affordable Care Act, federally mandated health care legislation, requires that all individuals have health insurance coverage. In order to meet this federally mandated requirement, students can be enrolled into their parents’ plan (if they are under 26 years of age) or purchase their own health insurance. Delaware State University provides access to a cost-effective insurance plan through AIG that meets the minimum requirements for colleges offering student health insurance. All full-time undergraduate students are automatically billed for the Student Health Insurance Plan each semester through their student account and must take one of the following two actions.

- **WAIVE DSU’s Student Health Insurance Plan.** Students who already have insurance coverage that meets the federal requirements — including those under the age of 26 who are enrolled in their parents’ plan — can opt out of the University’s Student Health Insurance Plan. Once a waiver has been submitted and approved by the AIG insurance company, Student Accounts will remove the charge for the Student Health Insurance Plan premium.

- **ENROLL IN DSU’s Student Health Insurance Plan.** Full-time students without health insurance, or enough insurance coverage that meets the federal requirements, must enroll in the plan to activate their coverage and receive an insurance ID card.

- Students can complete a waiver request or enroll into the plan at www.studentinsurance.com/schools/DE/DESU. After the designated deadline, students who did not submit a waiver will be enrolled into the plan until the next waiver/enrollment period.

For additional information, refer to the Student Health Services Web page: www.desu.edu/student-affairs/student-health-services.
Delaware State University Student Health Form

All students are required to file all four pages of this form with Student Health Services

- SECTION 1 is to be completed and signed by YOU. All information must be in English. Please print clearly.
- SECTIONS 2–4 must be completed and signed by a HEALTH CARE PROVIDER ONLY.

All of the information provided is strictly for the use of the Student Health Center and will not be released without student consent. An important step in your upcoming enrollment is applying online for housing and paying your housing deposit. **Interested students must first pay the nonrefundable $200 traditional housing deposit if intending to live on campus.** On April 15, the housing applications will be available online, and **those who have paid their deposit will be sent a Welcome email to their DSU email account providing step-by-step instructions on how to apply for housing online** (see step one of your acceptance letter from the Admissions Office for instructions to set up your DSU email account). Housing applications should be submitted by July 15. Assignments will be made according to date of submission. Please visit [www.desu.edu/housing](http://www.desu.edu/housing) for further assistance.

**Deposit amounts are as follows.** There is also a nonrefundable application fee for University apartments.

- **First-Year & Warren-Franklin Hall Applicants:** $200 deposit
- **DSU Living and Learning Commons Applicants (available to transfer students only):** $200 deposit
- **University Village/Courtyard Apartments Applicants (available to transfer students only):** $300 deposit + $100 nonrefundable application fee

Applicants for apartment-style housing must have earned at least 30 credit hours.

Submission of the housing application is acknowledgment that you have read and agree to the Terms and Conditions of the University Housing/Dining Contract (visit the Housing and Residential Education Web page and click on “Terms and Conditions”). Upon move-in, the deposit becomes a damage/security deposit and is only refundable after the student completes his/her housing contract commitment and it has been determined that there are no outstanding charges on the student’s account.

Housing is based on availability on a first-come, first-served basis. As residence space fills, we try to match student criteria as closely as possible. Remember to apply early to increase your chances of getting your preferences. Room changes are subject to space availability and will not be made on the basis of race, national origin, religious affiliation or sexual orientation. We also recommend that students — not parents — complete the application. **Submission of a housing application does not guarantee assignment to a requested building/apartment/suite.**

**Important:** For the fall and spring semesters, you will not be permitted to move into campus housing unless you have satisfied your financial obligations and submitted a completed student health form by the published deadlines. New student move-in happens on day one of Welcome Days. You will receive a clearance slip from the Office of Admissions to grant full clearance into the residential hall once all enrollment steps have been completed.

**How to Pay Your Housing Deposit**

**Housing deposits** for University halls or apartments and the nonrefundable application fee for University apartments may be paid online. **Please do not select the “Tuition/Traditional Housing” payment option for payment of the deposit.** Please follow the instructions below on how to pay your housing deposit.

Select **traditional housing deposit** if applying for traditional housing (new freshmen and transfer applicants with less than 24 transferable credit hours must select traditional housing). Transfer students desiring to apply for the DSU Living and Learning Commons must have at least 24 or more credit hours and are required to pay the $200 traditional housing deposit.

If applying for apartment-style housing (at least 30 credit hours), select **University Village deposit or University Courtyard deposit**. There is a $400 nonrefundable deposit for apartment-style housing.

STEP 5 | Obtain DSU Student Identification Cards (IDs)

All Delaware State University students are issued DSU ID cards. ID cards serve as keys to the residence halls and debit cards for meal plans, books, and laundry and print vouchers. They are used to gain access to the campus and must be on your person at all times while on campus. Photos for ID cards will be taken during New Student Orientation and distributed during Welcome Week once all new student clearances have been met.

STEP 6 | Contact Campus Police (if applicable)

Cars on Campus
Commuter students must register their motor vehicle with Campus Police. Students must bring their vehicle insurance, registration and driver’s license to the Campus Police Building as well as register their vehicle at www.thepermitstore.com.

New Student Orientation Schedule at a Glance

Members of the Office of Admissions staff will greet you and your parents in the lobby of the Martin Luther King Jr. Student Center (Bldg. #3). Once you’ve checked in, you will receive a packet of information that you will need to use during New Student Orientation. **It is important that you arrive on time and complete each session, as each aspect of the day is required so that you may enroll**—including placement testing. It is important to complete any necessary aspects of your enrollment process — submit signed documents to Financial Aid, satisfy financial obligations with Student Accounts, submit completed health forms to the Office of Student Health Services and give your final official high school transcript to the Office of Admissions.

**Welcome Session**

The president and other senior administrators will be on hand to welcome you to the Delaware State University family. The assistant vice president for enrollment management and Office of Admissions team will explain the New Student Orientation schedule to you and will also address any questions or concerns about New Student Orientation that you or your parents may have at that time.

**Financial Aid and Student Information Session**

During this session, students and parents will have an opportunity to hear from the executive directors of the Offices of Financial Aid and Student Accounts about the process of obtaining federal and private funding to attend school and how to satisfy your financial obligations to the University. It is important to satisfy your bill on or before July 24.

**Placement Testing**

Students will take online Accuplacer tests in reading comprehension, sentence skills or writing, arithmetic, elementary algebra and college-bound mathematics. We will use your Accuplacer test results to place you in your mathematics and English courses and advise you in selecting a course schedule suited to your declared major, if you have one, or your interests. Please remember to bring your photo ID.

Understanding Your Loans

William D. Ford Federal Stafford Loans allow you to borrow money for your education. Student loans, unlike grants and work-study, are borrowed funding that must be repaid, with interest, similar to auto loans and mortgages. Loans are also legal obligations, so before you apply for a student loan, think about the amount that must be repaid over the years. For more information regarding Federal Student Loans, please visit the www.StudentAid.gov website.

There are two types of Stafford Loans: Subsidized and Unsubsidized

Federal Subsidized
- U.S. Department of Education pays interest while borrower is enrolled at least half time (6 credit hours) or during grace and deferment periods
- Have a financial need as determined by your FAFSA application

Federal Unsubsidized
- Interest begins to accrue immediately after the first disbursement, unlike the subsidized Stafford loan.
- You must be enrolled at least half time (6 credits).
- A financial need as determined by your FAFSA application is not a requirement. However, the borrower must have a completed FAFSA on file.

For current interest rates, please visit our website at www.desu.edu and select Financial Aid.

Approximately 1.073% origination and insurance fees will be deducted from each disbursement.

William D. Ford Direct Parent PLUS Loan

Federal (Parent) PLUS loans are loans that parents can obtain to help pay the cost of education for their dependent undergraduate children. Parents (i.e. biological, adoptive and/or step-parent) of dependent students can borrow from the PLUS loan program. The Parent PLUS loan is subject to credit approval. The FAFSA is required to receive the Parent PLUS loan. Currently there is an interest rate of 6.41%.

In order to initiate the PLUS loan application process, parents must complete the Direct Plus Loan request on the web at www.studentloans.gov. Once the parent completes a PLUS loan request, a credit check will be performed. Parents will receive written confirmation of the credit check result. If a parent borrower is approved for the Parent PLUS loan, the Direct PLUS Loan Master Promissory Note (MPN) will need to be completed. The parent may borrow up to the cost of attendance minus any other financial aid that the student is receiving. Should the parent borrower be denied the Parent (PLUS) loan for credit reasons, the student may be eligible to receive a Federal Unsubsidized Stafford Loan up to his or her maximum eligibility. Upon receipt of either the hard copy or electronic denial letter, the Financial Aid Office will award the student the unsubsidized loan.

Terms and conditions:

- Repayment period begins 60 days after the loan is fully disbursed (however, the parent may contact the Department of Education for possible deferment options).
- The borrower (parent) and student must be a United States citizen or an eligible non-citizen*.
- The borrower (parent) must not be in default on a federal student loan.
- The borrower (parent) must not owe a refund on a federal education grant.
- The student must be enrolled at least half-time (6 credit hours).
- The student must be making Satisfactory Academic Progress standards (see the Delaware State University Student Handbook for SAP policy requirements).
- The government will automatically deduct a 4.292% origination fee from each PLUS loan disbursement.
- A permanent U.S. resident with a Permanent Resident Card (I-551)
- A conditional permanent resident (I-551C); or the holder of an Arrival-Departure Record (I-94) from the Department of Homeland Security showing any of the following designations: “Refugee”, “Asylum Granted”, “Parolee” (I-94 confirms paroled for a minimum of one year status has not expired), “Victim of human trafficking”, “T-visa holder” (T-1, T-2, T-3, etc.) or “Cuban-Haitian Entrant.”

Alternative Loan Options

An alternative education loan can bridge the gap between the actual cost of your education and the limited amount the government allows you to borrow in its programs. Eligibility for alternative student loans often depends on your credit score; therefore, the borrower (the student) will most likely need a co-signer.

Due to the overall costs of college, some students choose to apply for an alternative education loan when grants, scholarships and federal guaranteed loans are not enough to cover the total cost. When trying to determine the best way to finance your education, you should consider each and every type of financial aid that is available. Be sure to only use alternative education loans after you’ve exhausted all other forms of financial aid such as grants, scholarships and federal student loans.

If you decide to borrow an alternative education loan, make sure you know what your fees and interest rate will be up front. Make sure you read your Truth in Lending Statement and Private Loan Self-Certification Form. These statements will include how much it will actually cost to repay your loan.

To access an all inclusive historical list, please visit http://www.desu.edu/financial-aid/alternative-loans and click on Alternative Loan Spreadsheet.

Delaware State University does not endorse any of these lenders or their products. We strongly suggest you do your own research to find the loan that is best for you.
Satisfactory Academic Progress (SAP)

The Higher Education Amendment Act of 1965, as amended, mandates institutions of higher education to establish a minimum standard of “Satisfactory Academic Progress” for students receiving federal financial aid. Delaware State University makes its standard applicable to all federal, state and institutional funds. The satisfactory academic progress applies to all terms regardless of whether financial aid was received. Satisfactory academic progress will be evaluated for all students (full- or part-time) annually (at the end of each first summer session). Students re-admitted must also meet the Satisfactory Academic Progress standards to receive financial aid.

Satisfactory Academic Progress (SAP) is a process to review the academic record and progression time to degree for a student who is receiving federal financial aid. The review is compared to defined criteria as determined by the academic institution. The criteria consist of when the review occurs, how the review occurs and the consequences of not meeting the SAP review criteria.

When SAP is Reviewed
The University’s Satisfactory Academic Progress (SAP) review will take place at the end of the first summer session.

SAP GPA Criteria
First-year students must have at least a 1.7 GPA and complete 60% of attempted course work to meet the requirements of the University SAP policy. The policy will require upperclassmen who receive Federal Financial Aid to maintain a 2.0 after the completion of 4 consecutive or non-consecutive semesters and complete at least 70% of the attempted course work.

Delaware State University’s SAP calculation will include all hours attempted.

SAP Appeal Process
Students who do not meet these requirements will be cited for not meeting the University SAP policy and will be denied access to Federal Financial Aid. You will be able to appeal by submitting a complete and signed “Undergraduate Petition for Reinstatement of Financial Aid Eligibility” form to the Office of Financial Aid.

Social Security Number and Tuition Statements

The Delaware State University Office of Records and Registration must have your Social Security number on file to provide a 1098-T form. This form may be used to file taxes and report eligible charges at Delaware State University.

Nonpayment Procedure For New Students

In order for you to be considered financially cleared by the University, your current financial obligation must be paid in full or you must enroll in the NelNet Business Solutions® Tuition Payment Plan for your current semester’s outstanding balance.

Payment Commitment
Once you are enrolled on the Tuition Payment Plan, an automatic payment will be deducted on the 5th of every month by NBS until your plan ends. If your initial payment fails or is returned, your payment plan will automatically terminate and you must re-enroll. If you receive additional funding to cover your remaining financial obligation to the University, please send an email to studentaccounts@desu.edu to ensure your plan is canceled or adjusted.

Enrollment Into NBS Tuition Payment Plan After Default Status
You will be eligible to have your future enrollment reinstated once your current semester's financial obligation has been satisfied in its entirety. In addition, you must pay a $150 reinstatement and $150 nonpayment fee up front not to include coverage by any type of financial aid. The fee must be paid prior to the Office of Records and Registration entering your future enrollment.

Nonpayment
If your payment is received after the 5th, you will be assessed a late payment fee for each late payment. A hold will be placed on the student account and the student ID card will be placed on hold until your payment is received. If you miss two consecutive payments, your account will be terminated from the plan and you will not be permitted to enroll on the plan until the beginning of the next semester. Once your account is terminated the following may occur:

- Deactivation of your student identification card and access to University services
- Removal of future enrollment
- Student accounts held placed on your account which will prevent you from enrolling and receiving University services
- Reinstatement fee for future enrollment
- Inability to request official University transcripts

FAILURE TO MAKE PAYMENT ARRANGEMENTS BEFORE THE END OF YOUR SCHEDULED ORIENTATION SESSION WILL RESULT IN THE INABILITY TO MOVE INTO THE RESIDENCE HALL, AND ALL CLASSES, ROOM AND BOARD (IF APPLICABLE) WILL BE DELETED.
