College of Agriculture and Related Sciences
Delaware State University

OUR MISSION.
“The charge for the College of Agriculture and Related Sciences at Delaware State University is to implement research, teaching and extension programs that result in an improved quality of life for the residents of Delaware as well as stakeholders at regional and international locations.”

Dyremple B. Marsh
Dean

WHAT WE DO.
Delaware State University is one of 18 1890 land-grant universities in the United States. Land-grant institutions exist in every state and receive the benefits of the Morrill Acts of 1862 and 1890 for teaching, research and extension programs. At DSU, the Land-Grant Program exists in the College of Agriculture and Related Sciences.
