

Terms and Conditions/University Housing and Dining Contract

Please read all provisions of this Contract as you are legally bound by these terms and conditions for the entire academic year.

The University reserves the right to change or alter the terms or conditions of occupancy during the Contract term for reasons it deems necessary. Residents agree to the terms of this Contract when they accept admission into Delaware State University. The Contract remains in force until the Resident is no longer a student at Delaware State University.

1. TERMS AND CONDITIONS

The Housing Contract (referred to as Contract) is made between Delaware State University (referred to as University) and the student (referred to as Resident) signing the Contract.

At Delaware State University we believe that education involves (1) responsible citizenship in the University community (2) the personal enrichment of each Resident (3) experience and participation in independent processes, and (4) the development of a lifelong companionship with people and ideas. The Department of Housing and Residential Education program at Delaware State University contributes significantly to the achievement of these educational goals. Delaware State University does not discriminate on the basis of race, color, religion, disability, sex, age, marital status, sexual orientation, political affiliation or national or ethnic origin in the administration of its housing facilities.

This Contract has been prepared to provide you with information regarding the policies and regulations that have been adopted in order to carry out these educational objectives. All Residents are responsible for the content, procedures and policies of this Contract. All decisions affecting University policy will be posted on the University Web site at www.desu.edu/housing. Residents are responsible for information contained in the Community Standards Handbook, student email messages, voice mail messages, and any notices sent to rooms/apartments or posted in living/common areas.

The University will provide a room accommodation to the Resident for a period of one academic year (fall and spring term) exclusive of vacation periods or any other period when the University is officially closed unless the Resident has been approved for housing outside the academic year. An additional fee will be assessed for housing provided outside of the regular Contract period. Residence hall service, including access to the assigned hall and/or room begins on the official Opening Day announced by the Department of Housing and Residential Education and/or University calendar which specifies all opening and closing dates. Failure to comply may result in disciplinary action and/or an imposed fine. **Early check-in is NOT permitted.**

Housing is not guaranteed to Residents who have chosen or have been required to leave their assigned room/apartment and/or suite for reasons including but not limited to moving off campus, commuting to and from campus, disciplinary and/or academic removal. Residents who would like to return to housing after time away must submit a housing application. The student may be placed on the housing waiting list or may be placed in available spaces at the discretion of the housing office before or during a semester.

2. MEAL PLAN

It is University policy that all Residents residing in University housing participate in the dining program with Resident Dining Plan (excluding DSU Courtyard Residents).

To change a meal plan prior to school opening, and within the first two weeks of the semester, you must contact the University Housing Office at 302.857.6326. Residents requiring a special diet due to medical reasons must contact the Dining Services Dietitian at 302.293.2096 to inquire about accommodations.

3. FRESHMAN HOUSING

Any undergraduate student who is accepted at the University as a full-time student may enter into this Contract subject to room availability. Room and board is available on a combined basis for residence hall Residents as mandated by Delaware State University. This Contract may not be transferred or assigned. **NOTE:** All first-year students (including transfer students with fewer than 29 transferable credit hours) are required to live in University housing. The following exceptions apply with verification:

1. Students who will be residing with parent(s) and/or legal guardian within commuting distance;
2. Married students;
3. Students with children;
4. Students 21 years of age or older.

4. UPPERCLASSMEN HOUSING

Upperclassmen students are welcome and encouraged to live on campus. Sophomore, junior and senior students make up over half of the total Resident population in the University community. This makes for a positive mix of fresh ideas, peer mentoring and the passing down of community traditions!

The DSU Village and The DSU Courtyard are available to upperclassmen with 30 or more semester hours. These units, located adjacent to the main campus, are under the supervision of the Department of Housing and Residential Education.

Any exceptions/modifications to residency requirements are determined by the vice president of Student Affairs and the Department of Housing and Residential Education.

5. HOUSING ASSIGNMENT

The University Housing Office is responsible for developing and implementing a process in assigning University housing to students. While efforts are made to honor residence hall and roommate requests, the University reserves the right to make assignments, reassignments or adjustments that may be deemed necessary. Each student agrees to meet the terms of the room assignment procedure as publicized by the Department of Housing and Residential Education. Failure to meet these terms may forfeit the student's right to a housing assignment. Failure to honor a preference will not void the Contract.

In order to accommodate a maximum number of students and to effectively use existing facilities, the University reserves the right to assign students to short-term or temporary housing according to applications and permanent space availability. Withdrawals and cancellations will usually permit these students to be transferred to permanent rooms or apartments. The University reserves the right to consolidate vacancies by requiring Residents to move from single occupancy to other accommodations. The University reserves the right to change room assignments to promote the well-being and safety of Residents, to maintain, operate, renovate or repair facilities, to establish a special interest building, floor, unit or section, to convert rooms for occupancy by the opposite sex, to fill an apartment, room or suite, for disciplinary reasons caused by the Resident, for unresolved incompatibility of roommates, or for any other reasonable purposes. When roommate conflicts occur and the Residents cannot resolve their differences, the Department of Housing and Residential Education may choose to move one or all Residents of the room/apartment to any vacant spaces. **Residents will be responsible for any differences in costs.**

When a vacancy occurs, the University reserves the right to assign a new occupant. If the Resident assigned to the room/apartment is resistant to the new occupant moving in, the current Resident may be charged the cost of a single space. This open space should be readily available with no inconvenience to the newly assigned Resident. It is the responsibility of the student assigned to the room to ensure the readiness of that space. Failure to prepare the space for a new occupant may result in a fine and/or disciplinary action.

Residents are prohibited from subletting any University Housing Premises. University Housing Premises cannot be occupied by anyone other than the assigned Resident(s). Residents cannot use or permit the University Housing Premises to be used for any purpose other than that of a private dwelling. Residents who violate this policy may face removal from Housing and/or Judicial disciplinary action.

The University reserves the right to restrict access of a guest into a residence hall based on current or previous academic performance or judicial history.

The University reserves the right to change room assignment at the conclusion of an academic year.

6. CONDITIONS OF OCCUPANCY

Student occupancy in University housing is conditioned upon continued full-time registration, good academic standing, compliant with all the rules and regulations of the University, and all financial obligations must be paid prior to the beginning of each semester. *(Room assignments may be cancelled by the University if the balance is not paid by the stipulated due date or if alternate payment arrangements have not been approved by the University's Office of Student Accounts).*

With the exception of Residents of DSU Courtyard and Village, University housing space is provided only when the University is in session. During official closing dates, Residents must vacate their living space. This includes Thanksgiving Recess, Winter Recess, Spring Recess, Summer Recess and when otherwise stipulated by the Department of Housing and Residential Education.

Residents with a legitimate academic need or with severe or extenuating circumstances can submit their request in writing to the University Housing Office. All requests for exceptions must be turned in at least 10 business days before the break and are not necessarily guaranteed. At the end of each semester, Residents are required to leave no later than 24 hours after their last final exam or at the official time the residence halls close, whichever comes first.

University housing facilities will close as announced by the Department of Housing and Residential Education. Residents must vacate their living space by the time indicated in the posted "closing" notice. Failure to vacate and properly secure the room may result in an imposed fine and/or judicial action. Opening times will be announced in writing in advance. Residents are not permitted to enter University housing facilities prior to the official "Opening Day" of the residence halls. Request for exceptions must be presented in writing to the Department of Housing and Residential Education no later than 10 days prior to the opening of the residence halls. **NOTE:** Submitted written requests are not necessarily guaranteed. Residents who are granted exceptions to arrive early, stay late or occupy space during a break period will generally be assessed a fee of \$50.00 per night of occupancy. A \$100.00 per night fine will be assessed to those students who occupy University housing facilities without authorization.

7. CONTRACT TERMINATION

A. Cancellation

The University will terminate the Contract prior to the expiration date for any of the following reasons:

- Resident is enrolled in a University sponsored study abroad program
- Resident withdraws or has a leave of absence from the University
- Resident has been deleted from the University's system for nonpayment and has failed to meet financial obligations.
- Resident is academically dismissed from the University
- Resident graduates from the University

Note: Residents that are graduating have the option of remaining until the end of the University Housing Contract or upon written request elect to be released from the Contract on a date not earlier than May 31st. Room charges will be prorated based on the date of move-out. (December graduates are to move out on or before Dec. 31st of the current academic year.)

- A Resident removed for disciplinary reasons prior to the expiration of the Contract will be held accountable to 100% of room costs and 100% of the board Contract for the corresponding semester. If the Resident is appealing the dismissal, they may retain their residency, if it is deemed the Resident poses no threat to him/herself or the campus community, until the final decision has been made. If the appeal decision is upheld, the Resident has 24 hours after official notification to vacate the premises.
- Room and board fees are prorated on a weekly basis to a Resident withdrawing from the University. Students who withdraw from the University are required to vacate the residence halls within 24 hours.

B. Contract Violation

The University reserves the right to use a student's disciplinary status (i.e., violation of University/Housing ordinances, regulations, and/or policies) and/or history of criminal activity (i.e., felonies, sex crimes, violent acts, or other similar offenses) as a factor in providing or terminating on-campus housing.

Procedures for Contract Violations

As authorized by the University, the Department of Housing and Residential Education staff is responsible for investigating cases in which Resident(s) allegedly violate the terms and conditions of the Housing and Dining Contract. The Resident is informed in writing of the alleged violation and has up to 3 days to respond to the allegations. Based on the information gathered, the Department of Housing and Residential Education will issue the Resident an outcome in writing.

8. ROOM/APARTMENT CHANGES

Room changes are generally permitted throughout the academic year except for designated periods during the semester as stipulated by the Department of Housing and Residential Education. Residents must follow the policy and procedures in room changes as advertised by the Department of Housing and Residential Education. Room changes will not be permitted for the first three weeks of any semester to allow the Department of Housing the opportunity to finalize occupancy. Room changes will not occur while students are in temporary housing.

Residents are prohibited from vacating, exchanging, or transferring rooms/apartments without prior written authorization from the Department of Housing and Residential Education. Residents who are not granted authorization may face disciplinary action through the University Judicial System and/or have a fine imposed. Residents who withdraw from University housing without proper authorization from the Department of Housing will be assessed a \$50.00 improper checkout fee.

9. VEHICLE PARKING

These regulations apply to the owner(s) or registrant of a vehicle as well as any individual (spouse, relative, and friend) who operates the registered vehicle if owned or registered to another individual.

Residents with less than 30 credit hours are not allowed to secure a parking permit or to park on campus. Residents who are eligible to obtain a parking permit and are allowed to park on campus must obey all posted parking and speed regulations and park in the designated parking areas.

Only one properly tagged and functioning passenger motor vehicle or truck (with no commercial lettering) not in excess of 3/4 ton GVW (Gross Vehicle Weight) is permitted. Trailers, campers, or boats are not permitted.

Residents are prohibited from using any parking area on University property for the storage or repair of any motor vehicle or other property, and the Resident will remove any unauthorized vehicles or other property from said parking areas promptly at the request of University officials. If a Resident fails to comply with the parking policy, the Resident will be responsible for paying any citations issued by Delaware State University.

Unauthorized vehicles or other property towed or removed and stored will be done at the risk and expense of the owner. Any vehicle or other property parked or stored so as to block or inhibit access to any dumpster or fire lane will be towed or removed at the owner's risk and expense. Residents are required to obtain a Delaware State University parking permit each semester/year and adhere to all parking rules and regulations. Residents are liable for any interference with or vandalism of security devices, gates, etc. by Residents and/or other guests.

10. MATERNITY POLICY

The intent of this policy is to promote the safety and well-being of all students attending Delaware State University. This policy specifically refers to a Resident who is pregnant or becomes pregnant while occupying University housing.

Prenatal care will not be provided by the University's Student Health Center, and the University assumes no liability or responsibility for the Resident's pregnancy, including but not limited to: prenatal care, miscarriage or other complications, termination of pregnancy, or birth.

Delaware State University does not permit children of any age to live in University housing.

11. CHECK-IN/CHECK-OUT REQUIREMENTS

Residents are responsible for check-in and check-out of assigned rooms as stipulated by the Department of Housing and Residential Education. At the time of moving in and out of halls/apartments all Residents are required to complete a Room/Apartment Condition Report form. Failure to do so prevents verification of room condition at the time of move in to be compared against the room condition at the time of move out. In such cases, occupants must accept the University's assessment of damages. Residents who choose to fill out an express checkout form waive their right to appeal any damages. A final inspection and damage assessment by the University professional staff of all rooms/apartments will take place after all Residents have vacated the University housing.

12. KEYS/LOCKS

The University provides a lock, considered safe by the industry, for the exterior door of each room or apartment in University operated housing facilities. The Resident agrees to neither add additional locks or other security devices on any doors (including bedrooms, etc.) nor change any existing locks. **The duplication of any keys is strictly prohibited.** Each Resident must return all keys (apartment/room, mailbox) at time of move out, authorized room change, or upon withdrawal from the University. During check-out procedures, room and apartment keys must be turned in at the time stated in the guidelines stipulated by the Department of Housing. Failure to return all keys will result in a fee assessed to the Resident for a door lock replacement and a new set of keys. In the event the Resident loses a room/apartment key, he or she must report this to the Residence Director immediately and follow the guidelines stipulated by the Department of Housing and Residential Education to be reissued a key. A fee will be charged to occupants for replacement of lost keys and/or door lock replacements.

Damages created in a room, apartment and/or suite must be repaired by the appropriate University Designee. Residents are prohibited from making their own repairs.

14. ROOM, APARTMENT AND SUITE INSPECTION

The University reserves the right to take appropriate steps to resolve unsafe or unsanitary conditions. A Resident's right to privacy will be respected; however, in cases when the University becomes aware of reasonable information suggesting a Resident may be in violation of University policy and/or the Housing and Dining Contract, the Department of Housing and Residential Education or Public Safety, or Designee, may authorize a room/apartment inspection.

21. SEXUALLY VIOLENT OFFENDERS REGISTRATION ACT

The Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act (The Wetterling Act) requires that each college or university disclose—in the annual crime reports that are filed with the federal government and made available on the campus—where students can go to find out if individuals who have been convicted of sex offenses are enrolled or have jobs on the campus. Individuals who have been convicted and are required to register under this act are not eligible to reside in University residence halls, the DSU Village or Courtyard Apartments. Students may access this information at www.state.de.us/dsp/sexoff/index.htm and www.doe.state.de.us.

Additionally, individuals with felony conviction records—including being listed on any state's sex offender registry list—are not eligible to obtain housing in any DSU residential facility. Furthermore, Delaware State University reserves the right to conduct a background check.

22. BACKGROUND CHECKS

Delaware State University reserves the right to obtain background checks for student housing applicants. Additionally, individuals that have convictions from any state or federal court for criminal acts that require a "sexual offender" registration, shall not be eligible to obtain housing in a University facility. The University also reserves the right to restrict access to housing for individuals who have a felony conviction for any other criminal act. In order to obtain a waiver from this restriction, applicants who have other felony convictions are required to submit a detailed summary of the offense(s) from an appropriate judicial or corrections official, including copies of police reports, sentencing reports or other evidence satisfactory to the University Department of Public Safety. Your application will be reviewed by the University Department of Public Safety and you will be notified in writing of the decision regarding your housing. If it is determined by the University that you have failed to disclose the fact that you have a felony record or that you have failed to provide the appropriate information regarding any felony convictions, your application and/or housing assignment will be immediately revoked. The University reserves the right to deny housing to any student consistent with the goals and objectives as outlined in the Housing and Residence Life Mission Statement.
