INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Delaware State University
Dover, Delaware

Report on Compliance for Each Major Federal Program
We have audited Delaware State University’s (the University) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the University’s major federal programs for the year ended June 30, 2017. The University’s major federal programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility
Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors’ Responsibility
Our responsibility is to express an opinion on compliance for each of the University’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University’s compliance.

Opinion on Each Major Federal Program
In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2017.
Other Matters
The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2017-006 through 2017-011. Our opinion on each major federal program is not modified with respect to these matters.

The University’s responses to the noncompliance findings identified in our audit are described in the accompanying corrective action plan. The University’s responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance
Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2017-006 through 2017-011 that we consider to be significant deficiencies.

The University’s responses to the internal control over compliance findings identified in our audit are described in the accompanying corrective action plan. The University's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.
The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance
We have audited the financial statements of the business-type activities and the aggregate discretely presented component unit of Delaware State University, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the University's basic financial statements. We issued our report thereon dated December 19, 2017, which contained unmodified opinions on those financial statements. Our report includes a reference to other auditors. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

See Notes to Schedule of Expenditures of Federal Awards
NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Delaware State University (the University) under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some information presented in this Schedule may differ from amounts presented in the preparation of the financial statements. Because the Schedule presents only a selected portion of the operations of Delaware State University, it is not intended to and does not present the financial position, changes in net position, or cash flows of Delaware State University.

For purposes of the Schedule, federal awards include all grants, contracts, and similar agreements entered into directly between the University and agencies or departments of the federal government, and all subawards to the University by nonfederal organizations pursuant to federal grants, contracts, and similar agreements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The University has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 FEDERAL DIRECT STUDENT LOAN PROGRAM

During the year ended June 30, 2017, the University processed the following amount of new loans under the Federal Direct Lending Loan Program.

<table>
<thead>
<tr>
<th>Cluster/Program Title</th>
<th>Federal CFDA Number</th>
<th>Federal Expenditures</th>
</tr>
</thead>
<tbody>
<tr>
<td>Federal Direct Loan Program</td>
<td>84.268</td>
<td>$ 39,733,730</td>
</tr>
</tbody>
</table>

The University is responsible only for the performance of certain administrative duties with respect to the Federal Direct Loan Program. Accordingly, the value of these outstanding loans is not reflected in the University’s financial statements.

NOTE 4 FACILITIES AND ADMINISTRATIVE COST ALLOWANCE

Facilities and administrative costs applicable to the University’s sponsored research grants were charged to programs based on predetermined rates. The rate was 46% for on-campus research for the year ended June 30, 2017. The University had no off-campus research activities for the year ended June 30, 2017.
I. SUMMARY OF AUDIT RESULTS

Financial Statements

Type of auditor's report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? __X__ yes __ no
- Significant deficiency(ies) identified that are not considered to be material weaknesses? __X__ yes __ no

Noncompliance material to financial statements noted? ______ yes __X__ no

Federal Awards

Internal control over major programs:

- Material weakness(es) identified? ______ yes __X__ no
- Significant deficiency(ies) identified that are not considered to be material weakness(es)? __X__ yes __ no

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Part 200 of the Uniform Guidance? __X__ yes __ no

Identification of major federal programs:

<table>

</tr>
</tbody>
</table>

Dollar threshold used to distinguish between type A and type B programs: $2,039,260

Auditee qualified as low-risk auditee? ______ yes __X__ no
II. FINANCIAL STATEMENTS FINDINGS

2017-001 – Financial Reporting

Material Weakness in Internal Control over Financial Reporting

Criteria:
Internal controls including are critical to ensure accurate financial reporting. These would include, but are not limited to, reconciling and tracking activities monthly for:

- Cash
- Capital Assets
- Accounts Payable
- Accrued Expenses
- Various Revenue and Expense Accounts

Condition:
The financial statement audit was scheduled to begin in August of 2017 and conclude in September 2017. At the start of scheduled audit fieldwork the University was not ready for audit. Draft financial statements had not been prepared, certain cash accounts were not reconciled and various sub-ledgers and schedules supporting the trial balance under audit were not available. As a result audit fieldwork continued through December 2017. During that time over 40 journal entries were prepared and posted to the trial balance received for the year-end audit.

Cause:
As part of the financial close process in the current year and in prior years, management makes “top side” journal entries outside of the Banner system. This caused various reconciliation issues in completing a draft of the University’s financial statements and reconciliation of the trial balance under audit to the management prepared draft financial statements. At the start of the audit beginning net position did not reconcile to the prior year ending net position.

Difficulties were encountered in the auditing of cash, capital assets, accounts payable, accrued expenses and various revenue and expense accounts due to differences noted in supporting sub-ledgers and schedules.

Effect:
The potential effects of the above matters are that interim and year-end financial information may contain material errors. As a result, users of this financial information could make decisions based on financial results that may not be complete and accurate.

Repeat Finding:
Yes.
II. FINANCIAL STATEMENTS FINDINGS (CONTINUED)

**Recommendation:**
We recommend that management perform an assessment of the current controls, processes and personnel within the accounting department and make changes and additions where needed to facilitate timely and accurate financial reporting. We also recommend that the report writing software that interfaces with the Banner system be used for all financial reporting adjustments.

**Views of responsible officials:**
See attached corrective action plan.

2017-002 – Pension Accounting

Material Weakness in Internal Control over Financial Reporting

**Criteria:**
The University’s internal controls must be able to prevent or detect a material misstatement in the financial statements, including footnote disclosure and the underlying financial records.

**Condition:**
Currently the University does not have a process in place to account for and make appropriate journal entries related to its participation in a cost sharing multiple employer pension plan.

**Cause:**
The University does not have a system of policies and procedures in place to account for the defined benefit plan in accordance with GASB 68.

**Effect**
As a result, pension related amounts and disclosures are not updated based on the most current information and audit adjustments were required.

**Repeat Finding:**
No.

**Recommendation:**
We recommend management implement policies and procedures related to appropriate year-end financial reporting related to pension accounting.

**Views of responsible officials:**
See attached corrective action plan.
II. FINANCIAL STATEMENTS FINDINGS (CONTINUED)

2017-003 – Net Position Reconciliation

Material Weakness in Internal Control over Financial Reporting

Criteria:
The University’s internal controls must be able to determine which entries are topside in order to recognize summarize the effect of the entries in the draft financial statements and net position reconciliation.

Condition:
During the audit of the financial statements for fiscal year 2017, management made topside journal entries outside of the Banner system. As a result of not capturing all of these entries, beginning net position did not reconcile to ending net position on the prior year financial statements.

Cause:
The University’s draft financial statements did not include reconciled net position due to various topside entries made.

Effect:
The potential effects of the above matters are that interim and year-end financial information may contain material errors. As a result, users of this financial information could make decisions based on financial results that may not be complete and accurate.

Repeat Finding:
No.

Recommendation:
We recommend management implement policies and procedures over the topside entries in order to limit the total number of topside entries used and for the process of properly documenting and supporting the entries.

Views of responsible officials:
See attached corrective action plan.
II. FINANCIAL STATEMENTS FINDINGS (CONTINUED)

2017-004 – Cash Reconciliation

Significant Deficiency in Internal Control over Financial Reporting

Criteria:
The University's internal controls must be able to prevent or detect a material misstatement in the financial statements. Internal controls are critical to ensure accurate financial reporting.

Condition:
During our audit procedures surrounding cash it was noted that not all cash accounts were reconciled at the start of the audit. As a result, management performed an analysis and journal entries were made to correct cash balances within the Banner system. The bank reconciliations also contained reconciling items related to unrecorded activity. The net of all the bank reconciliations contained an immaterial unreconciled difference.

Cause:
The University's process did not include a timely completion of all cash reconciliation.

Effect
Cash reconciliations are an important control activity to detect errors and abnormalities within the University's bank activity. The potential effect of not preparing cash reconciliations timely and accurately could result in material errors not being detected.

Repeat Finding:
No.

Recommendation:
We recommend that cash reconciliations be completed, and reviewed, no later than a month after the period being reconciled. We also recommend that any adjustments noted as a result of the reconciliation process be recorded timely to Banner, and that any old outstanding items be investigated and addressed on timely basis.

Views of responsible officials:
See attached corrective action plan.
II. FINANCIAL STATEMENTS FINDINGS (CONTINUED)

2017-005 – Continuing Disclosure Requirements

Significant Deficiency in Internal Control over Financial Reporting

Criteria:
The University’s processes and internal controls must be able to produce year-end financial statements on a timely basis.

Condition:
Due to delays in the audit process the University did not meet their continuing disclosure deadline related to outstanding public debt, and as a result, are not in compliance with the continuing disclosure agreements.

Cause:
The University was not able to meet the deadline due to delays in closing the University’s financial records on a timely basis.

Effect
Failure to comply with the University’s continuing disclosure requirement obligations could result in potential fines, remedial actions, disclosure in future official statements, and other consequences.

Repeat Finding:
No.

Recommendation:
We recommend that management perform an assessment of the current controls, processes and personnel within the accounting department and make changes and additions where needed to facilitate timely and accurate financial reporting.

Views of responsible officials:
See attached corrective action plan.
III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Federal agency: U.S. Department of Education
Federal program title: Student Financial Aid Cluster
Compliance Requirement: Special Tests and Provisions – Return of Title IV Funds
CFDA Number: 84.007, 84.033, 84.063, 84.268, and 84.379
Award Period: 7/1/2016 – 6/30/2017
Type of Finding: Other Noncompliance and Significant Deficiency in Internal Control over

Criteria:
The Code of Federal Regulations, 34 CFR 668.22(f)(2)(i) and (ii)(B), requires that scheduled breaks of 5 consecutive days or more are excluded from the return calculation.

Condition and Context:
During the testing of return of Title IV (R2T4) funding, it was noted that students who withdrew during the Spring term with a R2T4 calculation (3 of 21 students tested) were incorrectly calculated due to only 7 days being excluded for spring break, instead of 9 days. This resulted in a total of 110 days in the term being used for calculations, instead of 108 days. This error resulted in the University returning more funds to the Department of Education than required.

Questioned Costs:
N/A.

Cause:
The University performed the return of Title IV funding calculations using the incorrect amount of days.

Effect:
The University could over or under return funding to the Department of Education.

Repeat Finding:
No.

Recommendation:
We recommend the University review the policies and procedures around the Return of Title IV funding to ensure breaks of 5 days or greater are correctly recognized in the calculations performed for student withdraws.

Views of responsible officials:
See attached corrective action plan.
III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

2017-007 – Student Financial Aid Cluster – Special Tests and Provisions – Return of Title IV Funds

Federal agency: U.S. Department of Education
Federal program title: Student Financial Aid Cluster
Compliance Requirement: Special Tests and Provisions – Return of Title IV Funds
CFDA Number: 84.007, 84.033, 84.063, 84.268, and 84.379
Award Period: 7/1/2016 – 6/30/2017
Type of Finding: Other Noncompliance and Significant Deficiency in Internal Control over Compliance

Criteria:
The Code of Federal Regulations, 34 CFR 668.22(a), requires that a calculation of attendance percentage be performed for any student who withdraws from a payment period or period of enrollment in which they received Federal Title IV funding.

Condition and Context:
During the testing of return of Title IV (R2T4) funding, it was noted that two students of the 21 tested that withdrew during the academic year did not have a R2T4 calculation performed by the University. The first student attended greater than 60% of the term; therefore, no refund would have been required. The second student would have required a total of $5,494 in Federal Title IV aid returned to the Department of Education.

Questioned Costs:
$5,494

Cause:
The University failed to perform a return of Title IV funding calculation for all students who withdrew and received Title IV aid.

Effect:
The University could not be returning all Title IV funds required to be returned to the Department of Education due to missing students in which R2T4 calculations are required.

Repeat Finding:
No.

Recommendation:
We recommend the University review the policies and procurements around student withdraws to ensure any student withdraw who received Federal Title IV aid during the year has an associated R2T4 calculation performed.

Views of responsible officials:
See attached corrective action plan.
III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

**2017-008 – Student Financial Aid Cluster – Eligibility – Award Limits**

**Federal agency:** U.S. Department of Education  
**Federal program title:** Student Financial Aid Cluster  
**Compliance Requirement:** Eligibility – Award Limits  
**CFDA Number:** 84.268  
**Award Period:** 7/1/2016 – 6/30/2017  
**Type of Finding:** Other Noncompliance and Significant Deficiency in Internal Control over Compliance

**Criteria:**
The Code of Federal Regulations, 34 CFR 685.203, requires there to be direct subsidized and unsubsidized annual loan limits, based on the student’s dependency status and grade level.

**Condition and Context:**
During the testing of student aid eligibility, it was noted that two students of the 40 tested were awarded Subsidized Stafford Loans below the maximum amount that they were eligible for based on grade level and dependency status. There was no documentation in the student’s files as to why the maximum amount was not awarded.

**Questioned Costs:**
N/A

**Cause:**
The University failed to award Subsidized Stafford Loans in agreement with student grade level and dependency status.

**Effect:**
The University could under award students, resulting in the student not getting their full potential in aid package.

**Repeat Finding:**
No.

**Recommendation:**
We recommend the University review policies and procedures around Direct Loans awarding to ensure students are awarded the maximum amounts in-line with grade level and dependency.

**Views of responsible officials:**
See attached corrective action plan.
III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

2017-009 – Student Financial Aid Cluster – Eligibility – Credit Balance Refunds

Federal agency: U.S. Department of Education
Federal program title: Student Financial Aid Cluster
Compliance Requirement: Eligibility – Credit Balance Refunds
CFDA Number: 84.007, 84.033, 84.063, 84.268, and 84.379
Award Period: 7/1/2016 – 6/30/2017
Type of Finding: Other Noncompliance and Significant Deficiency in Internal Control over Compliance

Criteria:
The Code of Federal Regulations, 34 CFR 668.164(h)(2), requires the University to pay any credit balance created by Federal Title IV funding to the student within 14 days of the credit balance being created.

Condition and Context:
During the testing of student aid eligibility, it was noted that 14 students of the 40 tested had FSA credit balances not refunded to the student prior to the 14 day deadline.

Questioned Costs:
N/A

Cause:
The University's policies and controls did not prevent credit balances being returned after the 14 day limit.

Effect:
The University did not refund students with FSA credit balances within the 14 day limit.

Repeat Finding:
No.

Recommendation:
We recommend the University review policies and procedures around Federal Title IV student refunds to ensure the funds are disbursed to students prior to the 14 day deadline.

Views of responsible officials:
See attached corrective action plan.
III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

2017-010 – Student Financial Aid Cluster – Other Procedures – Outstanding Refund Checks

Federal agency: U.S. Department of Education
Federal program title: Student Financial Aid Cluster
Compliance Requirement: Special Tests and Provisions -- Outstanding Refund Checks
CFDA Number: 84.007, 84.033, 84.063, 84.268, and 84.379
Award Period: 7/1/2016 – 6/30/2017
Type of Finding: Other Noncompliance and Significant Deficiency in Internal Control over Compliance

Criteria:
The Code of Federal Regulations, 34 CFR 668.164(l), requires the University to return to the Department of Education any Title IV funds, except FWS program funds, that were unsuccessfully disbursed to the student or parent.

Condition and Context:
During the testing of student refund check reconciliations, it was noted that three student refund checks were not returned to the Department of Education within the 240 day deadline.

Questioned Costs:
$3,526

Cause:
The University’s cash reconciliation procedures did not identify the checks as having to be returned within the 240 day requirement.

Effect:
The University could owe funding to the Department of Education due to delays in returning student refund checks.

Repeat Finding:
No.

Recommendation:
We recommend the University review policies and procedures around outstanding student refund checks to ensure the checks are returned to the Department of Education prior to the 240 day deadline.

Views of responsible officials:
See attached corrective action plan.
III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (CONTINUED)

Federal agency: U.S. Department of Education
Federal program title: Student Financial Aid Cluster
CFDA Number: 84.007, 84.033, 84.063, 84.268, and 84.379
Award Period: 7/1/2016 – 6/30/2017
Type of Finding: Other Noncompliance and Significant Deficiency in Internal Control over Compliance

Criteria:
The Code of Federal Regulations, 34 CFR 600.21(a)(7), requires the University to report to the Secretary, no later than 10 days, any change to the individual the institution designates as its Title IV, HEA Program Administrator.

Condition and Context:
During the testing of the Eligibility and Certification Approval Report (ECAR), it was noted that a change to the HEA Program Administrator was not reported within the 10 day requirement.

Questioned Costs:
N/A

Cause:
The University's policies and procedures surrounding reporting required updates to the ECAR did not address the 10 day requirement.

Effect:
The change in the HEA Program Administrator was not reported timely.

Repeat Finding:
No.

Recommendation:
We recommend the University review policies and procedures around timely reporting required changes to information contained on the ECAR.

Views of responsible officials:
See attached corrective action plan.
U.S. Department of Education

Delaware State University respectfully submits the following corrective action plan for the year ended June 30, 2017.

Audit period: July 01, 2016 - June 30, 2017

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

FINDINGS—FINANCIAL STATEMENT AUDIT

2017-001  Material Weakness in Internal Control over Financial Reporting

Recommendation: We recommend that management perform an assessment of the current controls, processes and personnel within the accounting department and make changes where needed to facilitate timely and accurate financial reporting. We also recommend that the report writing software that interfaces with the Banner system be used for all financial reporting adjustments.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Office of Business and Finance have begun an assessment of the current controls, processes and personnel within the accounting department. We have put various monthly reconciliations in place to allow for timely General Ledger period closing in order for us to run reliable financial reports on a quarterly basis

Name(s) of the contact person(s) responsible for corrective action: Denese Lindsey

Planned completion date for corrective action plan: Previously implemented

2017-002  Material Weakness in Internal Control over Financial Reporting

Recommendation: We recommend management implement policies and procedures related to appropriate year-end financial reporting related to pension accounting.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: Delaware State University has arranged with the Division of Accounting to provide training on the pension reporting process. All post-retirement benefits are managed by the State of Delaware; which engages the Audit firm that compiles the actuary information for the entire state.
Material Weakness in Internal Control over Financial Reporting

Recommendation: We recommend management implement policies and procedures over the topside entries in order to limit the total number of topside entries used and for the process of properly documenting and supporting the entries.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The University has engaged an Ellucian consultant to provide guidance in adding GASB 68 functionality to the financial reporting module to reduce some top-sided entries. The design of the module is to allow for journal entries to be entered for reporting purposes which do not affect the underlining accounting records such as elimination entries generated for indirect costs etc.

Name(s) of the contact person(s) responsible for corrective action: Denese Lindsey, Shawanda Garrison and Jadeen Notice

Planned completion date for corrective action plan: Third week of April and in July 2018

Significant Deficiency in Internal Control over Financial Reporting

Recommendation: We recommend that cash reconciliations be completed, and reviewed, no later than a month after the period being reconciled. We also recommend that any adjustments noted as a result of the reconciliation process be recorded timely to Banner, and that any old outstanding items be investigated and addressed on timely basis.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The University established a working group, which meets twice a week to review processes, training on reconciliations and provide guidance on issues that have not been resolved. Additionally, a consultant from Ellucian is scheduled to provide training the third week of April for new employees of the finance department.

Name(s) of the contact person(s) responsible for corrective action: Denese Lindsey, Shawanda Garrison, Jadeen Notice, and Alexis Jones.

Planned completion date for corrective action plan: June 30, 2018
2017-005  **Significant Deficiency in Internal Control over Financial Reporting**

Recommendation: We recommend that management perform an assessment of the current controls, processes and personnel within the accounting department and make changes and additions where needed to facilitate timely and accurate financial reporting.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The Office of Business and Finance have begun an assessment of the current controls, processes and personnel within the accounting department. We have put various monthly reconciliations in place to allow for timely General Ledger period closing in order for us to run reliable financial reports on a quarterly basis.

Name(s) of the contact person(s) responsible for corrective action: Denese Lindsey

Planned completion date for corrective action plan: Previously Implemented

**FINDINGS—FEDERAL AWARD PROGRAMS AUDITS**

U.S. Department of Education

2017-006  **Student Financial Aid Cluster – CFDA No. 84.007, 84.033, 84.063, 84.268 and 84.379**

Recommendation: We recommend the University review the policies and procedures around the Return of Title IV funding to ensure breaks of 5 days or greater are correctly recognized in the calculations performed for student withdrawals.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The director of Financial Aid provided the Office of Registrar with the appropriate regulation detailing the method of calculating the number of days and the tables used for this calculation were updated in the system to reflect the correct amount of days to accurately perform the calculations.

Name(s) of the contact person(s) responsible for corrective action: Terrell Holmes

Planned completion date for corrective action plan: Previously Implemented

2017-007  **Student Financial Aid Cluster – CFDA No. 84.007, 84.033, 84.063, 84.268 and 84.379**

Recommendation: We recommend the University review the policies and procurements around student withdrawals to ensure any student withdraw who received Federal Title IV aid during the year has an associated R2T4 calculation performed.
Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The action taken in 2017-006 by updating the accurate number of days, the percentage of attendance is correctly reflected in the system, thus causing the calculation to be performed accurately. The re-calculation of days caused two students to fall within the required timeframe for R2T4 calculations – adjustments to the calculation was performed. Retraining will also be provided for the R2T4 calculation to the Financial Aid Administrators by an outside consulting firm FAS.

Name(s) of the contact person(s) responsible for corrective action: Director of Financial Aid

Planned completion date for corrective action plan: System update already implemented, re-training - April 30, 2018
Action taken in response to finding: The University has policies requiring the refunding of credit balances within the 14 day timeframe and has established procedures. We will implement a review process through the internal auditor to ensure that we are meeting the 14-day obligation and provide additional assistance to the area of student accounts during the peak refunding period.

Name(s) of the contact person(s) responsible for corrective action: Director of Student Accounts

Planned completion date for corrective action plan: June 30, 2018

2017-010

Student Financial Aid Cluster – CFDA No. 84.007, 84.033, 84.063, 84.268 and 84.379

Recommendation: We recommend the University review policies and procedures around outstanding student refund checks to ensure the checks are returned to the Department of Education prior to the 240-day deadline.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.

Action taken in response to finding: The University has implemented an additional review process, completed at the time of the monthly bank reconciliation, to include a review of any outstanding student refund check over 180 days. Any check deemed stale dated and generated by Title IV funds, will be cancelled and returned to the Department of Education. Additionally, the University collaborated with Bank Mobile to process direct deposits, debit cards and refund checks to the students based on the student’s selection of how they want to receive their refund and information provided by the student. The direct deposit and debit card methods provide secure access to their funds in an expeditious manner.

Name(s) of the contact person(s) responsible for corrective action: Director of Student Accounts and Accounts Payable Manager

Planned completion date for corrective action plan: January/February 2018

2017-011

Student Financial Aid Cluster – CFDA No. 84.007, 84.033, 84.063, 84.268 and 84.379

Recommendation: We recommend the University review policies and procedures around timely reporting required changes to information contained on the ECAR.

Explanation of disagreement with audit finding: There is no disagreement with the audit finding.
Action taken in response to finding: Train and bring Financial Aid personnel up to date with current regulations concerning reporting of changes in administration within the 10 day timeframe. Personnel within the Financial Aid were identified as part of their primary responsibilities to report the changes.

Name(s) of the contact person(s) responsible for corrective action: Primary Program Administrator, Designated Primary Administrator

Planned completion date for corrective action plan: March 2018

If the U.S. Department of Education has questions regarding this plan, please call Denese Lindsey at 302-857-6200. or dlindsey@desu.edu
Delaware State University respectfully submits the following summary schedule of prior audit findings for the year ended June 30, 2017.

Audit period: July 01, 2016 - June 30, 2017

The findings from the prior audit’s schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the prior year.

**FINDINGS – FINANCIAL STATEMENT AUDIT**

**2016-001  Material Weaknesses over Financial Reporting**

**Condition:** There were delays in closing the books for June 30, 2016, due to several accounts requiring additional reconciliations and analysis. Accounts requiring the additional analysis included cash, funds due from State treasurer, student accounts receivable, unearned grants revenue, and related party receivables. Several post-closing adjustments and audit adjustments were required for the final financial statements. Also, the University’s unaudited financial statements to outside parties had significant differences from the final financial statements.

**Status:** See current year finding 2017-001

**FINDINGS – FEDERAL AWARD PROGRAMS AUDITS**

None noted.

If there are any questions regarding this plan, please call Denese Lindsey at 302-857-6200 or dlindsey@desu.edu
